RE: Trumbo Farms

Gentlemen/Ladies,

I take great pride in submitting a Sesquicentennial Farm Application for Trumbo Farms, Rutland Township, LaSalle County, Illinois.

Robert F. Trumbo and Philip H. Trumbo are the current owners/operators of the Trumbo Farm.

Based upon LaSalle County Recorder records (documented by the LaSalle County Recorder, Thomas Lyons and the undersigned), it appears that the original homestead was first settled in 1830 with ultimate recordings in 1840's and thereafter additional acreage up to 1870's.

In addition to the application forms, we further submit the only known record transfer of the real estate that being a recorded document of April 6, 1927 from the applicants' grandfather to their father. Robert and Phillip advise that John F. Trumbo, grandfather, deeded this and other real estate to family members before his death. It is for this reason that LaSalle County Recorder, Thomas Lyons, opines that there has been no other transfer of real estate other than by inheritance.

In addition to said deed, newspaper clippings from the then local newspaper, The Daily Republican Times, dated April 23, 1931 and September 17, 1932 give brief glimpses into the family's history.

It is very interesting to note that the early settlers in effect may have been "running off the Indians" at the time they settled in Rutland Township.

Both Recorder Lyons and I opine that the Trumbo Farm may in fact be the oldest continuously farmed farm in LaSalle County!

If you need any additional information with regard to this application please do not hesitate to contact the undersigned or Robert Trumbo.

Thank you.

Very truly,

Timothy J. Creedon III
